

The map displays the proposed route of the A12 highway through the Overzichtview area. The route is shown as a red line with white dashed segments, indicating planned construction or realignment. The highway is set to pass through several locations including Hulst, Sanderwijk, Rietveld, and Fritsland. The map also shows existing roads, green spaces, and water bodies like the IJssel river. An inset map in the top left corner provides a broader view of the surrounding region. A scale bar at the top right indicates distances from 0 to 1200 meters. The word 'Overzichtview' is prominently displayed in large black letters across the center of the map.
